

## Scholarship Program

IICS has chosen to make a scholarship program available to provide service to an underserved community and to educate qualified professionals who have minimal financial resources. This scholarship will assist by providing partial funding for mental health professionals and other healthcare providers working primarily with an indigent population or clients with an income at or below the poverty level.

Eligible applicants are mental health professionals, interns, educators, or others wanting to provide sex education or other sexuality services to an underserved population. Scholarship candidates must demonstrate a financial need and be able to identify how they will utilize the training for the betterment of the community they are serving. Licensed or license-eligible professionals who will have the ability to increase earnings with this degree and/or certification will probably not qualify.

IICS will award up to a \$9,600 grant towards the \$19,200 tuition to the scholarship recipient. The scholarship committee will evaluate the applicants and decide on the amount to be awarded.

All recipients are responsible for the remaining tuition, which may be paid in monthly or quarterly installments.

### Application Requirements

1. A personal and background statement written by the applicant (two pages) describing how the IICS Doctoral degree will be applied to career goals and why the applicant is deserving of the award.
2. A proposal ( 4-8 pages) describing the lack of services in the applicant's area of practice and how sex and sexuality intervention and/or treatment will be incorporated into a program that will benefit an underserved community.

4. Complete and sign the IICS Financial Aid application;
